

RENT CAP BASICS:

(Civil Code 1947.12)

1. In a 12-month period, total rent increases cannot exceed 5% plus the change in cost of living* (CPI), or 10%, whichever is lower. *This is the Rent Cap.*
2. Maximum of 2 rent increases in any 12 month period (the total of which cannot exceed the Rent Cap).

* Change in cost of living / CPI

The law defines the cost of living as "the percentage change from April 1 of the prior year to April 1 of the current year in the regional Consumer Price Index ("CPI") for the region where the residential real property is located... If a regional index is not available, the California CPI, as determined by the Department of Industrial Relations, shall apply." *Civ. Code § 1947.12(g)(2)*

- *Statewide – 9.2% (5% + 4.2%)*

3. Housing units where rent cap does NOT apply:
 - Dorms
 - Government subsidized or below-market housing where rent is set based on income-level
 - Units that are covered by a local law with stricter limits on rent (i.e. units covered by a city's rent stabilization law)
 - Units in structures built less than 15 years ago.
 - Unit in duplex where owner resides in one unit
 - Single family home or condos with no corporate ownership. *Landlord must provide notice of this exemption, otherwise rent cap applies!*
